YOUR WORLD.
A DIFFERENT PERSPECTIVE.

CAA-Certified Aerial Operations | Photography | Surveying | Mapping | Inspection | Videography

PROFESSIONAL PRECISE VERSATILE

*A SPECIALIST AERIAL DIVISION OF **SUPREME PROTECTION LTD***

ABOUT SUPREME AVIATION SERVICES.

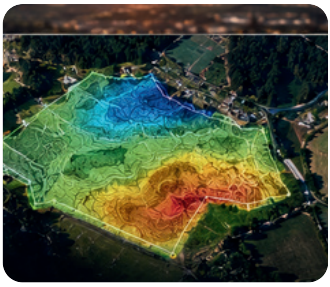

Supreme Aviation Services Ltd is the dedicated aerial operations division of Supreme Protection Ltd. Operating as a specialist sister company, we combine CAA-certified pilots, professional-grade equipment and extensive operational experience to deliver aerial photography, surveying, inspections and visual documentation safely, legally and professionally across the United Kingdom.

What sets us apart is our versatility. From detailed land surveys and agricultural monitoring to cinematic event coverage, property marketing and commercial inspections, we provide tailored aerial solutions for a diverse range of clients and industries.

WE ARE MORE THAN JUST TWO PEOPLE. Behind every assignment stands a hand-picked team of experienced operators - all vetted, licensed and trained to the same exacting standards. We do not compromise on personnel. Every team member is selected for proven capability, attention to detail and reliability, ensuring consistent quality on every project, large or small.

We provide clients with a unique perspective that traditional photography and ground-based methods cannot achieve. Every flight is planned and executed with the same professionalism, precision and discretion that defines Supreme Protection.

OUR CAPABILITIES

AERIAL PHOTOGRAPHY & VIDEOGRAPHY

Professional aerial photography and cinematic footage for properties, landscapes, events and commercial projects. Capturing striking imagery for marketing, documentation and personal use.

SURVEYING & MAPPING

Aerial surveying, photogrammetry, 3D mapping and site visualisation. Supporting land management, development planning, site documentation and infrastructure assessment.

AGRICULTURE & ESTATE MANAGEMENT

Aerial imagery for farms, fields and large estates. Supporting land documentation, livestock location, boundary inspections and routine visual monitoring.

PROPERTY & REAL ESTATE

Showcase residential properties, luxury estates and commercial developments with professional aerial photography and videography that capture their scale, setting and unique features.

WEDDINGS & EVENTS

Capture unforgettable moments from a unique perspective. Aerial photography and videography for weddings, outdoor celebrations, venues and special occasions.

CONSTRUCTION & INFRASTRUCTURE

Site progress monitoring, structural inspections, roof surveys and aerial documentation throughout every phase of a project.

MEDIA, FILM & CINEMATOGRAPHY

Professional aerial photography and videography for estates, events, property portfolios, marketing campaigns and broadcast use - captured with Hasselblad and professional 4K systems.

OUR DRONE FLEET.

DJI MATRICE 210 RTK

Industrial & Enterprise Operations

Our most adaptable enterprise platform, designed for demanding aerial operations. Supports specialist imaging, thermal applications, surveying and complex site inspections.

DJI MAVIC 3 PRO

Professional Photography & Cinematography

High-resolution imaging and cinematic footage. Ideal for property portfolios, weddings, estate photography, 3D mapping and promotional media.

DJI NEO

Compact Aerial Photography

A lightweight, versatile platform for close-range aerial imagery, creative applications and selected property and event photography.

PARROT ANAFI

Surveying & Infrastructure Inspection

Compact and versatile, suited to detailed visual inspections, site documentation and selected surveying applications.

CHRISTOPHER MARSHALL

DIRECTOR & FOUNDER

Sole owner and Director of Supreme Protection Ltd, and joint founder of Supreme Aviation Services. Brings over 22 years of experience in elite private and corporate protection, designing security solutions precisely tailored to each client's risk profile, lifestyle and need for complete discretion.

CAA-licensed drone pilot, trained in advanced imaging and aerial surveillance operations. Alongside Andy Watson, leads our aerial capability - personally overseeing standards, mission planning and operational delivery.

Drives our unique combined model, bringing aerial surveillance and professional ground response together into one seamless security solution.

ANDY WATSON

DIRECTOR & CO-FOUNDER

Senior security specialist with over 18 years of elite service in the British Army, including operational deployments to Afghanistan and 10 years as an Explosive Ordnance Disposal (EOD) specialist.

CAA-licensed drone pilot and advanced imaging and night-vision technology specialist.

Qualified Close Protection Officer, Advanced Defensive Driver and FREC 3 Medic - able to deliver immediate emergency response if required.

BEYOND TWO DIRECTORS. A HAND-PICKED PROFESSIONAL TEAM

Every member of our team is hand-selected, vetted and professionally trained; combining technical expertise, attention to detail and discretion across every project.
